

Pioneer Embroideries Limited is one of the largest manufacturer-exporter of Embroideries, Torchon/Bobbin laces, Raschel laces and other garment accessories. We are associated with the leading retail brand for embroidered clothing "Hakoba". A clear vision along with focus on quality, creativity and innovation has resulted in this spectacular, trail-blazing success.

Today, Pioneer Group has established an impeccable reputation and carved a permanent niche in the industry throughout the world.

With an outstanding operational infrastructure, superb craftsmanship and obsession for the best quality, it has not taken us long to create waves in the international market. Today we have established an impeccable reputation and carved a permanent niche in the industry throughout the world. Our impressive international roster includes clients from the North America, Latin America, Europe, the Middle East and Africa. Pioneer is also the largest player in the domestic market. Catering to millions of satisfied customers already, Pioneer Group is now poised to move ahead in leaps and bounds.

We have a qualified and highly motivated design development team, which is constantly working towards generating new design to match the latest trends across the globe. State-of-the-art software and machines are used with trained personnel for monitoring the output, matching it to our own high and exacting standards. We are constantly working on developing new lines that matches the design specifications and requirements of our new clients. Today we have over 40,000 designs in our library to select from and just in case you have some exclusive taste, we welcome you to send us your specification and requirements.
